FROM

THE HON'BLE MR. R. E. HOLLAND, C.S.I., C.I.E., C.V.O.,
Chief Commissioner, Ajmer-Merwara,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA IN THE
FOREIGN AND POLITICAL DEPARTMENT.

Dated Camp Ajmer, the 21st December 1922.

Report on the Administration of Ajmer-Merwara for 1921-22.

SIR,

I have the honour to submit the Annual Administration Report of Ajmer-Merwara for the year 1921-22, compiled by Mr. C. C. Watson, C.I.E., I.C.S., who held the post of the Commissioner from the 20th March 1922 to the end of the year, with my remarks thereon, embodied in Part I of the Report.

I have the honour to be,

SIR,

Your most obedient servant,

R. E. HOLLAND,

Chief Commissioner, Ajmer-Merwara.

PART I.

GENERAL SUMMARY.

The average rainfall was 17 inches 91 cents, the normal being 21 inches. Although the rainfall was below the average the Rabi Crop was good. The Kharif crop depending on the rainfall of 1921 was fair only. The outturn of both the crops in all of the three Tahsils of the district was good.

2. In spite of the decrease of Rs. 75,023, in receipts under "Excise" due partly to high prices of food grain and partly to the effects of the non-co-operation movement in the district, Imperial Revenues showed an increase of nearly Rs. 17,650 over the preceding year. An increase of over Rs. 44,000 was derived from "Stamps" and an increase of Rs. 54,430, from "Assessed Taxes." Imperial expenditure showed an increase of Rs. 4,48,855 over the previous year, of which sum over 3 lakhs of rupees were paid in discharge of a large number of War Bonds during the year. The increase under "Police"*

* Rs. 62,101.

† Rs. 27,837.

and "Education" † is attributed mainly to the revised scales of pay and the increased rate of travelling allowance to the staff. The year's working shows a deficit of Rs. 4,27,849.

3. Crime was generally less than in the previous year. Its incidence per 10,000 of population was 48.6 as compared with 66.2 in the preceding year.

4. Although there was a decrease of 1,577 cases in the total number of civil suits during the year the total value of suits instituted exceeded that of the preceding year by over 4½ lakhs of rupees.

5. During the year under report 81 applications for permission to alienate land under the provisions of the Land Alienation Regulations (III of 1914) were rejected. This fact shows that the Regulation has proved a good check on indiscriminate alienation of land.

6. Owing to a large fall in the prices of mica mining operations remained dull during the year. The year was generally one of steady progress.

7. Existing Co-operative Societies were consolidated. Mistakes made in the past owing to ignorance of correct co-operative methods were corrected and societies started on wrong lines were liquidated. Much propaganda work is considered necessary in this backward and impoverished district. Progress, if it is to be lasting and continuous, must necessarily be slow.

8. As compared with the preceding year, there was an increase in the number both of schools and of pupils receiving education therein. The Superintendent of Education for Delhi and Ajmer-Merwara now performs the duties both of Inspector of Schools and of Director of Public Instruction for Ajmer-Merwara. He also exercises full control over all the village Schools in the district.

9. The sanitary condition of Ajmer City is far from satisfactory. The problem presents great difficulties but when the new Ajmer-Merwara Municipalities Regulation comes into force and "Birat" sweepers are placed under Municipal control the Municipal Committee will be in a position to take more active steps to carry out the recommendations of the Civil Surgeon. Proposals to change the system of trenching night soil to a system of septic tanks and incineration, and to dig new wells at Bhaonta, are under consideration, but all schemes are greatly hampered by want of funds since new loans cannot be obtained until the Municipal revenues have increased considerably. A suggestion to impose fresh taxation is under the consideration of the Municipal Committee.

10. At one time the political situation was very acute. Considerable excitement was shown on the occasion of the arrest of a political offender in May 1921, when large numbers of people endeavoured to stop the train in which he was being conveyed to Nagpur. On several occasions the Police were interfered with in the performance of their duties and 2 or 3 members of the Force were injured. The movement was, however, confined to the urban

areas only. There were "Hartals" in the towns of Ajmer-Merwara on the 17th November 1921, the date of the arrival of His Royal Highness the Prince of Wales in India and again on the 28th in Ajmer when His Royal Highness visited the City.

11. Picketing was also resorted to, particularly at liquor shops, but it soon stopped when the picketers were arrested and convicted. Seven leading Muhamadans were also arrested and convicted for distributing "Fatwas" declaring service in the Army and Police as against their religion.

R. E. HOLLAND,
Chief Commissioner, Ajmer-Merwara.

PART II.
REPORT
ON THE
ADMINISTRATION OF AJMER-MERWARA
FOR
1921-1922.

SECTION I.

GENERAL ADMINISTRATION.

1. The Office of Commissioner, Ajmer-Merwara, was held by Colonel ^{Personnel.} S. B. A. Patterson, C.I.E., I.A., from the beginning of the year to 31st January 1922, by Mr. P. B. Warburton, I.C.S., from 1st February to 19th March 1922 and by Mr. C. C. Watson, C.I.E., I.C.S., from 20th March 1922 to the end of the year.

There was no change in the appointment of Additional District and Sessions Judge which was held by Sahibzada Abdul Wahid Khan.

The office of Assistant Commissioner was held by Mr. E. C. Gibson from the beginning of the year to 5th May 1921, by Captain W. F. Webb from 6th May to 5th July 1921 and by Mr. J. H. Davies from 16th November 1921 to the end of the year. During the interval from 6th July to 15th November 1921 the post remained vacant.

Rai Sahib Munshi Shanker Lal continued to hold the appointment of Extra Assistant Commissioner, Ajmer, throughout the year.

The post of Extra Assistant Commissioner, Merwara, was held by Rai Sahib Munshi Bhagwati Lal from the beginning of the year upto 14th May 1921 when he proceeded on leave preparatory to retirement and was succeeded by Mr. J. A. DeSouza who continued to hold the appointment to the end of the year.

The office of the Extra Assistant Commissioner, Kekri, was held by Munshi Chimman Lal, M.B.E.

The office of the Civil Surgeon, Ajmer-Merwara was held by Lieutenant-Colonel J. W. Watson, I.M.S., throughout the year except from 1st to 8th April 1921 when Major R. H. Lee, I.M.S., held the office.

The appointment of Superintendent of Police, Ajmer-Merwara, was held by Mr. J. C. Weymouth throughout the year.

2. The total revenue (Imperial and Local) of Ajmer-Merwara for the year amounted to Rs. 25,51,994 as compared with Rs. 24,72,695 last year. The total expenditure was Rs. 30,40,675 as against Rs. 24,87,114 last year.

The Imperial revenue rose from Rs. 17,32,720 in the year 1920-21 to Rs. 17,50,377 in the year under report and the expenditure from Rs. 17,29,371 to Rs. 21,78,226.

There was a deficit of Rs. 4,27,849 in the Imperial revenue this year as compared with a surplus of Rs. 3,349 in the preceding year.

The principal variations in the Imperial revenue and expenditure occurred under the following heads:—

	<i>Receipts.</i>	<i>Rs.</i>
1. Stamps		+ 44,215
2. Assessed taxes		+ 54,430
3. Excise		—75,023

	<i>Expenditure.</i>	
1. Land Revenue		—63,089
2. Interest		+ 3,14,926
3. Administration of Justice		—80,044
4. Police		+ 62,001
5. Education		+ 27,837
6. Miscellaneous		—26,777
7. Currency		+ 25,844
8. District Administration		+ 1,25,030
9. Scientific and other minor Departments		—20,679

Variations in receipts are explained as below :—

The increase in receipts under head “Stamps” is due to the institution of appeals about the transaction of Gur cases and the execution of bonds and instruments for borrowing money by general public.

The increase in receipts under head “Assessed Taxes” is due to the rise in rates of tax under the new Income Tax Act.

The decrease in receipts under head “Excise” is due partly to high prices of food grain and partly to the effects of non co-operation movement in this district.

Variations in expenditure are explained below :—

The decrease in expenditure under heads “Land Revenue” and “Administration of Justice” is due to the fact that the expenditure on account of pay, travelling allowance and contingencies of the district administrative staff formerly charged in moieties to “Land Revenue” and “Administration of Justice” is now transferred to the new head “District Administration.”

The increase in expenditure under head “Interest” is due to the large number of war bonds discharged during the year 1921-22.

The increase of expenditure under heads “Police” and “Education” is chiefly due to revised scales of pay and the increased rate of travelling allowance.

The decrease in expenditure under head “Miscellaneous items” and increase under head “Currency” are due to the fact that expenditure on account of remittances of treasure formerly charged to the former head is now shown under a new separate head “Currency.”

The increase under head “District Administration” is due to the transfer to this head of expenditure on account of pay of Officers from “Land Revenue” and “Administration of Justice.”

The decrease in expenditure under head “Scientific and other minor Departments” is explained by the transfer of expenditure from this head to the head “Agriculture.”

SECTION II.

outstanding balance at the close of the year stood at Rs. 1,26,772-6-5 including a sum of Rs. 45,355-13-5 as noted on the margin‡ on account of price of grain recovered as rents in kind but not sold before the close of the year. The amount outstanding on 31st July 1922 was mainly due to the inopportune rains during the year.

6. *Liabilities.*—The liabilities of the estates under management at the end of the year aggregated Rs. 5,25,564-4-3 as below against Rs. 5,75,434-7-4 of the last year.

The increase in the cost is due to increment granted to the employes in view of scarcity of labour and prevailing high prices.

8. *Education of the wards.*—Thakur Rameshawar Singh of Bandanwara continued his studies at the Mayo College throughout the year while the wards noted on the margin did so up to the end of April 1922. Since April 1922 Thakur Jeewan Singh of Tantoti has been receiving training in judicial and revenue work at Ajmer in the Court of Wards Office, while Thakur Madho Singh of Sadara has been under training in revenue work in his own estate at Sadara in association with the local Kamdar. The minor Raja of Bhinai aged about 9 years was admitted into the Mayo College, Ajmer, on 1st July 1922.

(5) *Municipalities (year ending the 31st March 1922).*

Vide statements Nos. 27 to 30.

35. During the year under report, the constitution of the Ajmer Municipal Committee remained unchanged. The Committee was composed of 24 members, 6 nominated and 18 elected, of whom 7 were Europeans and 17 Indians. *Ajmer Municipality. Population 99,541 excluding 13,971 pilgrims.*

The gross income also shows an increase of Rs. 55,877, which is chiefly visible under the head "Octroi," "Sales—Miscellaneous" and "Miscellaneous."

37. The gross and net receipts from Octroi in the two years are shown below:—

	Gross Rs.	Net Rs.
1920-21	2,78,566	2,13,811
1921-22	3,06,893	2,35,660
Difference	+ 28,327	+ 21,849

The increase of Rs. 28,327 in gross Octroi receipts has occurred chiefly under the items "Sugar" "Piece goods" and "Grains."

38. The large increase in expenditure amounting to Rs. 78,134 occurs mostly under the heads "Conservancy," "Water Supply" and "Refunds." The revision of the scale of pay of the staff and the purchase of cattle and a motor lorry account for the increased expenditure under the head "Conservancy." The necessity of resorting to the process of pumping from the Bhaonta wells throughout the year accounts for the increase under the head "Water Supply." Inflated prices are responsible for the increase under the head "Refunds."

39. A sum of Rs. 21,772 was paid towards the liquidation of Government loans, the balance of which due by the Municipality at the end of the year amounted to Rs. 4,47,118.

40. The incidence of Octroi taxation was Rs. 2-5-9 per head of the population against Rs. 2-2-4 in the preceding year.

41. The management of the Ajmer Water Works remained in the hands of the Executive Engineer, Public Works Department, Ajmer division.

42. The total rainfall recorded at the different registering stations during the year was as follows :—

1. Foy Sagar	13-24
2. Municipal Storage cisterns	11-37
3. Catchment area of the Foy Sagar	16-15
and	
4. Bhaonta water works	16-57

At the Foy Sagar and Budha Pushkar lakes, the water levels were respectively 5-01 and 3-6 $\frac{5}{8}$ at the commencement of the year. At the close of the year the Foy Sagar was dry while the water level of Budha Pushkar was 5-10 $\frac{1}{8}$. The water level of Bhaonta well No. 5 was 91-59 on the 1st April 1921 and 86-42 on the 31st March 1922.

43. The number of births recorded was 2,282 and of deaths 3,972 as against 2,001 and 4,284 respectively in the previous year.

44. The total number of Vaccinations performed was 3,362 against 4,368 in the previous year.

45. The sanitary condition of the city is very bad. Some efforts have been made to improve it but it is difficult to do much when funds are lacking and the sanitary education of the people is almost non-existent. The sweepers' birat system continues to be very unsatisfactory. It is hoped that an improvement will be effected after the revised draft of the Ajmer-Merwara Municipalities Regulation which is under the consideration of the Government of India and makes provision for the birat sweepers being placed under Municipal control, has been passed and enforced.

46. Enquiry is being made as to whether it is possible to alter the system of trenching night soil and foul water to one of septic tanks and incineration. There is some suspicion that the drainage from the trenching grounds may in seasons of heavy rainfall prejudicially effect the Bhaonta wells, which are the main source of water supply to the city. Owing to the failure of monsoon this year, insufficiency of water for the needs of the growing population of the city has become acute and new sources of supply are being explored. There is a proposal to dig new wells at Bhaonta but all schemes are greatly hampered by want of funds since new loans cannot be obtained until the Municipal revenues have been increased considerably. A suggestion to impose fresh taxation is under the consideration of the Committee. The Civil Surgeon has made various suggestions for sanitary improvements and the committee will be urged to take them up as funds permit.

47. The Committee held 6 Special and 15 ordinary meetings.

48. The total income and expenditure for the year amounted respectively to Rs. 1,31,975 and Rs. 1,52,884 as against Rs. 1,29,003 and Rs. 1,35,492 in the preceding year. The closing balance was Rs. 21,431 exclusive of Rs. 14,999 invested in Government Securities.

The income shows a net increase of Rs. 2,972 as compared with the last year. If the sum of Rs. 11,000 included in the last year's figures on

account of proceeds of war bonds, be left out of account, the increase in income will amount to Rs. 13,972, which occurred chiefly under the head "octroi".

The expenditure also rose by Rs. 17,392 mainly under the head "public instruction" which was due to the construction of the new Municipal School building.

49. The incidence of octroi taxation per head of population was Rs. 3-14-2 as against Rs. 3-5-6 in the year 1920-21.

50. The management of the Beawar water works remained in the hands of the Edward Mills Company, Ltd., Beawar. There was sufficient water in the three Jalia wells. In the course of the year water was supplied to the town to the extent of 2.93 gallons per head of population per day at a total cost of Rs. 13,434.

51. The numbers of births and deaths registered during the year were respectively 963 and 817 as against 744 and 915 in 1920-21.

52. The accounts for the year 1920-21 were audited by the Local Fund Audit Department of the United Provinces.

53. There was no change in the constitution of the Committee.

54. The Committee held 5 ordinary and 6 special meetings during the year.

55. The total income and expenditure amounted to Rs. 24,816 and Rs. 18,567 against Rs. 17,729 and Rs. 18,759 respectively in the preceding year. The increase of Rs. 7,087 in income is mainly due to larger collections of octroi owing partly to the revision of the octroi schedule and the raising of the refundable limit from Re. 1 to Rs. 2 and partly to larger quantities of imports of sugar and gur, etc., for the celebration of marriages and funeral feasts which were very numerous this year.

Kekri Municipality. Population 5,698.

During the year the Teja fair had to be abandoned and no expenditure was incurred on the purchase of new conservancy carts, etc., which accounts for a decrease in expenditure during the year.

56. The incidence of octroi taxation per head of population was Rs. 3-8-10 as against Rs. 2-2-8½ in the year 1920-21.

57. The numbers of births and deaths recorded during the year were 247 and 157 against 158 and 182 respectively in the preceding year. The birth rate was 43.33 per thousand of population against 26.66 in the last year, the increase is due to a better registration of births. The rate of mortality was 27.54 against 30.71 in 1920-21.

58. The balance at the credit of the Municipality at the close of the year was Rs. 28,042 against Rs. 21,794 in the preceding year. Out of the balance a sum of Rs. 11,000 is invested in Government Promissory Notes and war bonds.

The total income of the dispensaries amounted to Rs. 42,708 as against Rs. 37,388 showing an increase of Rs. 5,320 which is due to extra Government grants. The total expenditure amounted to Rs. 40,884 as against

Rs. 35,558 showing an increase of Rs. 5,326. This is due to rise in prices of necessary articles and revision of pay of establishment. The invested capital remained the same as last year, *viz.*, Rs. 28,500.

The share capital remained the same, viz., Rs. 1,00,000, while the deposits of individuals increased by Rs. 58,318, the reserve fund by Rs. 8,271 and other funds by Rs. 17,888. The amount of profit earned by the bank during the year was Rs. 30,001. It advanced loans to the extent of Rs. 91,579 to individuals and Rs. 4,21,257 to banks and societies.

Including the balance of the last year's loans amounting to Rs. 10,08,338, the total of loans issued comes to Rs. 15,21,174; of this a sum of Rs. 4,51,656 was recovered during the year, leaving an outstanding balance of Rs. 10,79,518.

The financial position of the bank is sound and it has earned the confidence of the public in a commendable degree.

76. The numbers of individual and society members rose from 275 and 218 to 279 and 228 respectively. The share capital remained the same as last year, *viz.*, Rs. 1,01,300 but the reserve and other funds rose from Rs. 19,676 to Rs. 22,785 and the deposits from Rs. 4,75,144 to Rs. 4,83,503.

Deawar Central Bank, Limited.

The last year's outstanding balance of loans amounted to Rs. 5,52,968 while the amount advanced during the year under report was Rs. 1,14,806, thus making a total demand of Rs. 6,67,774. The amount realized was Rs. 1,24,138, leaving an outstanding balance of Rs. 5,43,636 at the close of the year.

77. The share capital was the same as last year, *viz.*, Rs. 25,000. The number of individual members was reduced by 1 and stood at 81, while that of society members rose from 62 to 72. Thus the total amount recoverable was Rs. 2,00,327 of which a sum of Rs. 50,123 was realized leaving an outstanding balance of Rs. 1,50,204 at the close of the year.

Nasirabad Central Bank, Limited.

The number of societies affiliated to the Central Societies was 549 as compared with 467 last year.

80. In general the year was one of steady progress. The Registrar and his Assistants have wisely preferred to consolidate existing societies and to preach to them the true doctrines of co-operation rather than to hasten to create new societies. Mistakes made in the past owing to ignorance of correct co-operative methods have had to be corrected and societies which were started on wrong lines have had to be liquidated. Those which survive are becoming gradually stronger. Much propaganda work is necessary in a backward and impoverished district like Ajmer-Merwara and progress if it is to be lasting and continuous must necessarily be slow.

81. I am glad to learn that the Registrar has received valuable assistance from many non-official gentlemen as well as officials. Mr. Bal Kishan himself and his Inspectors deserve commendation for a year of hard and successful work.

82. The table below compares the result of the enumeration of agricultural stock in the Khalsa villages during the year under report with the two preceding years:—

As compared with standard there was a decrease of Rs. 4,551 in the amount assessed which was due to a long break in the rains after first fall and insufficiency of water in tanks.

The decrease of Rs. 74,628 mainly under the head "country spirits" was due partly to the high prices of food grains and partly to the effects of non-co-operation movement in the district. Owing to the picketting of liquor shops carried out by the non-co-operators, a sum of Rs. 13,466 remained unrecovered in the rentals of urban shops out of which Rs. 10,801 have been remitted.

The expenditure amounted to Rs. 28,266 as against Rs. 26,901 in the year 1920-21 leaving a net revenue of Rs. 5,37,290 as against Rs. 6,13,283 in the preceding year.

The smuggling of liquor and opium in the district has considerably decreased. That of cocaine in small quantities increased during the year.

The Excise Intelligence Bureau was established in the year 1913 and has done useful work in systematizing the detection of breaches of the Excise Law.

97. The non-co-operation movement has had little effect on the Excise Department except a slight fall in the receipts. The non-co-operators by intimidation, force, threats and false promises endeavoured to prevent the public from drinking liquor but their efforts met with little success. General Remarks.

The work of the Excise Staff has been quite satisfactory. The efficient working of the Department is largely due to the energy, tact and keenness of Rai Bahadur Pandit Pyare Lal, Superintendent of Excise.
